

### **Adoption of the new Code of Conduct**

1. I have attempted to personalise the Model Code for Broadmayne Parish Council but I have not changed any of the substantive wording since at the July meeting there was no indication of a desire to diverge from the model.
2. The LGA model can be viewed [here](#). The proposed BPC document has been supplied as a separate document ([Appendix 3b](#)).
3. These are the changes I have made (page references here are to the model, although the model doesn't actually show page numbers):
  - Insertion of Broadmayne Parish Council's name on first page along with date of adoption.
  - Insertion of page numbers.
  - Deletion of "Joint Statement" from first page. This seems to be an explanatory statement from the LGA to councillors, rather than part of the code itself.
  - Deletion of "Introduction" from second page. Again, this seems to be explanation.
  - Deletion of the last paragraph of the definitions section on the second page. This is BPC's code so we don't need that.
  - On page 3, General Principles of Public Life is a hyper-link in the model. I have replaced that with reference to Appendix A where they are set out.
  - On page 4, there is reference to "Your Monitoring Officer" and I have inserted "an officer of Dorset Council" in brackets after that.
  - At the end of the substantive code I've listed the appendices.
  - In Appendix B, Table 1 (Disclosable Pecuniary Interests). There seemed to be some words missing from the section on "Corporate tenancies". Since the wording in this table is the same as the existing table I have re-inserted these ( "... interest in the securities\* of.")
  - At the very end of Appendix C, I have deleted the words "The LGA has committed to reviewing the Code on an annual basis to ensure it is still fit for purpose."
4. If Councillors are content with those changes from the model and do not wish to propose any further amendments, then Broadmayne Parish Council can proceed to adopt the new code.
