

## **Dorset Council Community Governance Review**

In response to the initial information gathering stage of the Community Governance Review, Broadmayne Parish Council drew to the attention of Dorset Council some anomalies in the boundary between Broadmayne and West Knighton (Knightsford Group Parish). As a result of those comments, officers at Dorset Council had put forward a recommendation to Dorset Council. The formal consultation on that and other recommendations across the Dorset Council area was now being undertaken. The full report and recommendations can be read here:

### **[Community Governance Review - Dorset Council](#)**

The closing date for comments is: 23 May 2022

The response must be submitted via an on-line form. The relevant extract follows:

#### **Recommendation 5: Broadmayne and West Knighton**

Based upon the evidence currently available, Dorset Council, on balance, considers that a community governance change would:

- help to better reflect the local identities and interests of the community;
- help to secure a more effective and convenient governance of the area.

Through the consultation survey the Council received a representation from the Parish Council highlighting some boundary anomalies as a result of previous development in the parish where properties in the same road fell in 2 different parishes and also where a parish boundary runs through the site of individual properties.

#### **Recommendation:**

Dorset Council's draft recommendation is to change the parish boundary to resolve these anomalies, as identified in Map Recommendation 5 (see next page).
