Amount of Grant Requested: £100 from the Patient Support Group Legacy

Reason for application and use of funds if so awarded:

This grant will be used with our current funds to finance the next two parties for the More Senior Members of our community at Christmas 2022 and spring 2023.

In the past Stan Harland, through the Patients Support Group, has given us a donation to support our work with the elderly in Broadmayne. As he has donated the residue of the funds to the Parish Council I am approaching the Parish Council for a grant.

Although these events are organised by the two Broadmayne churches it has been financed independently from 2016 by raising money at Coffee mornings and also the contribution from Stan Harland.

I hope that you will look upon this application favourably so that we can continue to offer these social events.

I attach the accounts for the last three years – the current funds of £91.40 are held by Broadmayne Methodist Church

Outreach for the More Senior Members of our Community

Before 2016 we were funded by the Circuit and the individual churches, BMC and St Martin's.

In September 2016 it was agreed that we should try to fund ourselves for subsequent parties rather than asking for finance from the circuit and churches.
